# STERLING ARCH

Architects, Engineers, Contractors & Manufacturers

[www.sterlingarch.com](http://www.sterlingarch.com)

Sterling Arch is an ISO:90001:2008 certified company established in the year 2005 and now a leading name in architects & engineering. Sterling Arch is a performance leader in the field of Infrastructure development and services. Our mission upholds total clients satisfaction & we do this by differentiating ourselves with our offered quality services. We have invested heavily in our knowledge resources and in training programs to put in order the proficiency of our technicians and engineers.

## Quality Policy

Sterling Arch is committed to be a technology driven company for providing latest state – of – the art products and services to achieve customer satisfaction.

We, at Sterling Arch as a team will achieve this by building quality into all its operations and continually improving the effectiveness of the quality management system.

## Mission

We commit ourselves to total customer care by delivering world-class products and services.

## Vision

To be the Leader in the Infrastructure industry.

## Core Values

A set of core values continue to guide us through the process of transforming the conglomerate into a high-performing and caring organization for our customers, employees, society and Country.

- Improving quality of life of our customers, as we believe quality is a way of life.
- Building an empowered and ethical Torrent family, as the foundation for a bright future.
- Responsibility towards the society and environment, as we owe our existence to them.
- Being innovative in solutions, for being different, counts.
- Striving for excellence in whatever we do, to follow the exclusive path to leadership.
- Flexibility and speed shall be our oars for navigating the turbulent
